

Wadsworth Lodge # 25 F. & A.M. March, 2008 Trestle-Board

Brethren

I want to take a moment to thank all the brothers that took part in the Third degree. I want to give a special thanks to Brother Battery whom showed us all the true meaning of commitment. Thank you Battery for doing such a great job even though you were feeling badly.

I hope to see you all at our annual Table Lodge. A big round of appreciation to Will and Taryn who took the time to clean out our pantry just in time for table lodge. Also thank you officers for taking time out of your busy schedules to come practice.

From the east
Dana A Nollsch WM

From the West

As this message is being read by the Masonic Brethren we are on the eve of the Table Lodge event.

Response has been very good from the Lodge Membership and the final touches are being made to insure that Table Lodge will continue as the fun, unique, successful and fellowship sustaining tradition for which Wadsworth 25 has become renown. I want to sincerely thank all who helped in any of the numerous capacities, from ticket sales to set-up to food preparation and service to the inevitable take down and clean-up; harmony being of primary importance in the support and sustainance of our historic fraternal institution.

Worshipful Master Dana Nollsch has established the principles of the continuance of harmony and brotherly love as the primary focus of all of our activities and events for this year. It is my desire and that of our good Junior Warden, Will Werne that it continues to be a priority for future administrations. We need to welcome and assist our new and progressing brethren in their quest to become Master Masons. I am as guilty as others of failure to prioritize the fellowship of these brethren who actually bring new life and contribute immeasurably to the success of the Lodge.

It is my intention to rededicate myself and reconcentrate my efforts to the extension of the sincere hand of fellowship in mentoring and accompanying these brethren along the way on there journey toward excellence and the attainment of further light in Masonry. This means you Brother Holt, Brother Gover and Brother Jacobs as well as any other brother who is in need of a shadow to accompany them on their journey. I only single out these brothers as they are the ones specifically assigned to me, currently, and whose success is dependant upon my renewed dedication to the principles of personal commitment for which I have become obligated.

Lets have a great Masonic month as the year unfolds. Hope to see all of you in Lodge.

Fraternally, Howard L. Rigdon

Brethren,

It was so good to see that everyone enjoyed the meal last meeting. I especially want to thank the helpers who prepared it: Taryn Miller, Jim Miller, Esther Johnson, Rick Harms, Mark Smith, the setter uppers and the cleaner uppers! If you missed the meal, so sorry for you, but there will be another one to follow...about one a month I think☺.

The next meal (March 7, 2008) will highlight a most excellent Beef Stew and I am sure you will not want to pass this one up. Oh, by the way, I will remember the desert this time!

I really enjoyed the 3rd degree initiation on the 5th of February downtown in the Pyramid room. It was a good time and we now have two new Master Masons of which one is our own Ron Darlington, Congratulations Ron.

Next on our proverbial plate is Trey Watts who will be initiated into the 3rd degree on Friday, February 15, 2008. Hope we see you at this event to bring brother Trey forward in his Masonic journey.

The Table Lodge meal is coming along famously and should be a great success; see you there on the 23rd of February, 2008.

Fraternally from the South,
Will Wearne
