Brethren

Welcome to April. April's meeting will be Hawaiian shirt night. We will open on the First Degree. Be sure to come and enjoy the good food, camaraderie in a relaxed atmosphere.

For those who are making their summer plans, I'd like to take this time to remind all members that we will NOT be going dark over the summer months this year. I thank you in advance for your cooperation on this matter.

As some of you may know Everett Myers had an auto accident. His wife, Katie, was killed. Jerry Cardwell and his wife Mary were traveling with Everett and Katie. We are wishing Mary a speedy recovery. Our thoughts and prayers go out to these good brothers.

Greetings from the West

During the month of March we were able to tally the results of the Table Lodge of Instruction which was held on Saturday, February 23<sup>rd</sup>. The final figures confirm that it was a successful event and once again sincere appreciation and gratitude is extended to all who helped with their labor and/or financial support.

It was gratifying to receive so much support from those brothers who were precluded from attendance but who purchased one or two tickets anyway.

Once again at the direction of the Worshipful Master the focus remains the brotherly love and fellowship concepts so vital to the furtherance of Masonry. We encourage increased attendance at the Stated Meeting and invite all to share in the fellowship that is unique and essential to a memorable Lodge experience. We also invite the Past Masters to return for the recognition that they so richly earned for which they are entitled due to their selfless service.

It is hoped that we will have a 3<sup>rd</sup> Degree in the near future. Advancement in Masonry also remains as a priority of Worshipful Master Nollsch.

It is my belief that we are on the verge of a national resurgence of affiliation with organizations that encourage personal growth and offer the experience of true friendship and brotherly love. Masonry stands poised on threshold of this resurgence and will be a significant factor in the lives of many more individuals in the coming years. It is our responsibility and obligation to receive and assist these candidates and brothers in their quest for personal illumination through the application and inculcation of Masonic principles and practices.

Fraternally, Howard L. Rigdon

Brethren,

Another fantastic meal was missed by more than 20. But more than 20 enjoyed a stew fit for a king but cooked for you by Taryn, Rick, and Will with the help of our friends last meeting night. Please encourage yourself and others to join me at next month's meeting where we will make merry with a feast of swine (ham) and other attributes of delight. The meal is the enticement and our Masonic cement binds us. We plan for 40 – 50 people to taste the savory meal so come one, come all, and enjoy the preparations.

Hello Everyone, Great news from your Building Trustees, several things have happened lately. We have been having problems with the boiler that heats the building and had it serviced. It is now running great. The American Housekeeping service has been terminated and a new person will be performing the cleaning of our building. We have found out that we will be saving of our building funds with this program. Also we have a new tenant that has come on board the lady will be making Taffy so we will be able to enjoy from time to

time some Taffy. Also we have worked on the lights and the American Flag light is up and shining. Next time you see Ed Davis and Dustin Simpson thank them for working on the flag lights. Last but not least our own Duckie has been working on our plants getting them ready for the spring. That is all for now.
