Lawrence E. Lathrop
Dustin J. Simpson PM
Richard H. Wallace PM
Kenneth C. Williams
Ronald Dean Wilson

Brethren

I would like to thank all of my brothers who have filled in the empty chairs as I have needed them. This is very much appreciated and goes with the spirit of friendship and brotherly love.

We will be holding a 2nd degree on May 16, 2008.

A big thank you to Will Wearne and Taryn for the fabulous meals that have been prepared before each of our stated meetings. What a great way to start our evening.

On May 8, 2008 we will be having a 3rd degree for Tom Black. Ben Franklin lodge has agreed to put on the degree. I would like to see many of our Wadsworth brothers sitting on the sidelines.

From the east
Dana A Nollsch WM

Greetings from the West.

I have been instructed to keep this short as others need the space to communicate more timely information, to wit: the Junior Warden, Will Wearne, who has contributed little to the maintenance of my diet by providing those outstanding meals.

We are looking forward to a potential double Second Degree in May as well as a Third Degree in conjunction with Ben Franklin #45 on the 8th of May. I encourage all to attend as these candidates need the strength and support of the entire Lodge in their ongoing quest for light in Masonry.

We need the strength of experience that is so well developed in our Past Masters. They are encouraged to full participation within the Lodge because I need all of the help I can get for the remainder of this year and next years expected, "baptism by fire."

Hope to see you all at the Stated Meeting on May 2nd.

Fraternally
Howard L. Rigdon, Senior Warden

Brethren,

The weather has turned nice and I hope all of you have enjoyed some outside activities. Speaking of activities, we have a few initiations we need to perform to allow progress of our newer brothers towards their Masonic goals. We sure could use your help wherever and whenever possible. Please notify Dana, Howard or me of how and when you can be of service to our candidates, your officers, and your lodge!

On our May Stated Meeting (Friday May 2, 2008), we will be enjoying a meal of Short Rib Ragu, Gnocchi, another fine salad, and dessert to give you energy for the meeting afterwards.

Please let me know if you have special dietary requirements and if I have enough people who are similar in nature, I *might* be able to help out in this regard. No promises but I would like to accommodate if possible. Just send me a short e-mail at willwearne@hotmail.com or write it down and hand it to me so I can be sure and include your information in the tally.

I also want to send special thanks out to those who help us prepare for the meals and cleanup afterwards, your help is greatly appreciated and is always welcome. For the rest of you able-bodied meal participants, please lend a helpful hand and enjoy some fellowship elbow-to-elbow in the kitchen and elsewhere to lighten the load on the chefs!

By the Plumb,

Fraternally from the South,
Will Wearne
